

Acutonics® Level I

Sound Gates to Meridian Harmonics

This workshop will introduce the Acutonics® Healing System. This non-invasive system has its roots in Oriental Medicine and draws on science, music, metaphysics, philosophical traditions and both Eastern and Western medicine to create an integrated, harmonic approach to health care and healing. Practitioners will learn to work with the Acutonics® Earth Moon Professional Set and the Solar 7th Set.

In this highly experiential workshop practitioners will learn how to apply precision calibrated tuning forks using sound intervals that are based on the orbital properties of the Earth, Moon, and Sun. You will learn to treat a wide variety of physical, psychological, and spiritual conditions through the use of the extraordinary vessels, microcosmic orbit, windows to the sky, and selected points with transformational overtones. You will explore the art of listening, cellular attunement, the energetics of sound and the body as a resonator.
